

Model 200-1 Digital Level

- ▶ Measures angles in degrees, slope in %, and pitch in in/ft.
- ▶ Absolute zero and relative zero
- ▶ Large backlit LCD display
- ▶ Hold button also stores reading in 10-slot memory for later recall
- ▶ A beeper assists in finding level or plumb.
- ▶ Automatic power-down in 5 minutes
- ▶ Laser beam on demand projects up to 300 feet
- ▶ Features 2 bubble levels, magnetic v-grooved base, 10 in ruler

Specifications

Display: Backlit LCD, 3 digits, 0.5 in high
 Accuracy: ± 0.1 E
 Resolution: 0.1 E or 0.1%
 Power: Two AAA alkaline batteries
 Dimensions: 285 mm x 60 mm x 30 mm (11.25 x 2.36 x 1.18 in)
 Weight: 0.4 kg (14 oz)

Model 360 Digital Angle Indicator

- ▶ Measures angles ± 0 -180 degrees
- ▶ Large LCD display
- ▶ Magnetic base
- ▶ Waterproof

Specifications

Range: 360 E (0 to +180, -180 to 0)
 Display: LCD, 4 digits, 0.5 in high
 Repeatability: ± 0.1 E
 Resolution: 0.1 E
 Power: One 3 V Lithium battery
 Dimensions: 51 mm x 51 mm x 33.5 mm (2 x 2 x 1.3 in)
 Weight: 0.4 kg (14 oz)

Model 631 Digital Vernier Caliper

Performs inside, outside, depth and thickness measurements, deviation from reference, plug and hole comparison, all with the precision of a digital display in millimeters or inches. Comes with a protective storage case.

Specifications

Display: LCD, 5 digits, 0.25 in
 Range: 0-150 mm or 0-6 in
 Resolution: 0.01 mm or 0.0005 in
 Repeatability: 0.01 mm or 0.0005 in
 Accuracy: ± 0.02 mm or ± 0.001 in
 Power: one 1.5 V silver oxide (SR44 W)
 Battery life: 3.5 years under normal regular use
